PROFESSIONAL SUMMARY

High-performing Information Science Engineering undergraduate (9.65 CGPA) at Ramaiah Institute of Technology with proven hands-on experience architecting production-grade, offline-first mobile applications with Flutter and scalable full-stack web platforms using Next.js 14, React, Node.js, and MongoDB. Strong foundation in data structures, Indian GST fintech workflows, payment gateways, and high-fidelity UI/UX design.

EDUCATION

Ramaiah Institute of Technology 2024 – 2028
Bachelor of Engineering in Information Science & Engineering — CGPA: 9.65 / 10.0 (Top Performer in ISE) Bangalore, India
Jnana Sudha PU College 2022 – 2024
Pre-University Education (Class XII - PCMB) — Aggregate: 97.3% Karnataka, India

TECHNICAL SKILLS

Languages: Dart, JavaScript (ES6+), C, C++, Java, TypeScript, SQL, HTML5, CSS3
Frameworks & UI: Flutter, Next.js 14, React.js, Node.js, Tailwind CSS, IndexedDB, Web Audio API
Databases & Cloud: MongoDB (Atlas & Mongoose), Hive (NoSQL), MySQL, Firebase Realtime Database
Tools & Platforms: Git, GitHub, VS Code, Android Studio, Razorpay API, NextAuth.js, Vercel, PWA
CS Fundamentals: Data Structures & Algorithms (DSA), OOP, DBMS, RESTful APIs, Offline-First Architecture

FEATURED PROJECTS

Aquajaal POS — Drinking Water Distribution & Billing System **Web Demo | GitHub**
Flutter, Dart, Hive (NoSQL), Firebase RTDB, IndexedDB, PWA, Android APK
- Engineered a production offline-first Point of Sale (POS) and inventory tracker for Yashodhar Enterprises (packaged drinking water distributor) supporting desktop web, PWA, and Android APK.
- Architected bidirectional cloud synchronization with Firebase RTDB across multiple counter terminals while preserving 100% offline persistence using local binary Hive NoSQL storage.
- Implemented Indian GST tax invoices (YE-YYYY-MMDD-XXXX), price immutability, automated currency amount-in-words conversion, and UTF-8 BOM CSV/PDF analytics with 15+ automated tests.

Get-Me-Chai — Creator Crowdfunding & Patronage Platform **Live App | GitHub**
Next.js 14, React 18, Razorpay API, MongoDB Atlas, Mongoose, NextAuth, Tailwind CSS
- Built a full-stack creator patronage web application enabling supporters to fund creators via secure Razorpay payment gateway integration with server-side HMAC signature verification.
- Configured NextAuth.js for OAuth authentication, customizable creator donation portals, and glassmorphic UI using Tailwind CSS with celebratory particle confetti animations.
- Designed optimized MongoDB Atlas schemas with Mongoose models for instantaneous payment ledgers, real-time patron comments, and creator revenue analytics.

Task Buddy — Cross-Platform Productivity & Gamification Suite **GitHub**
Flutter, Dart, Shared Preferences, Clean Architecture, Material 3
- Created a cross-platform mobile task productivity suite featuring dynamic category sorting, priority filters, local database persistence, secure OTP authentication, and dynamic theme switching.
- Engineered gamification mechanics with interactive mini-games to boost daily user engagement and task completion rates.

Spotify Web Clone & X (Twitter) Clone — Interactive Web Applications **Spotify Demo | Twitter Demo**
JavaScript (ES6+), Tailwind CSS, HTML5, Web Audio API, Responsive Design
- Constructed a responsive Spotify web player with real-time audio playback, seekbar scrubbing, volume modulation, song queue navigation, and mobile-first dark mode styling.
- Recreated Twitter/X platform UI with utility-first Tailwind CSS, featuring fluid responsive sidebars, tweet layouts, and trending widgets.

ACHIEVEMENTS & MILESTONES

- Finalist — BLACKBOX AI: Trick The System at RIT TechFest 2026 for engineering intelligent workflow automation.
- Top Academic Performer (9.65 CGPA) — Maintained top ranking within the Information Science Engineering cohort at RIT.
- State Distinction (97.3%) — Pre-University Examination (Class XII) with top percentiles in PCMB coursework.

EXTRACURRICULAR ACTIVITIES & INTERESTS

- Leadership & Activities: Active participant in coding hackathons; School Marching Band Vocalist & live performer.
- Languages: English (Professional Working Proficiency), Hindi, Kannada, Tulu (Native).
- Interests: Distributed Systems, Offline-First Mobile Architectures, UI/UX Interaction Design, Biking & Travel.
